

# Political Points.

Mrs. Don Cameron wants Hancock elected.

Vice-President Hendricks says Indiana will be Democratic.

We hope it is not true that General Garfield's pen is mightier than his sword.

It is a choice between De Golyer pavement and the battle-ground of Gettysburg.

Gen. Arthur forgot to express his satisfaction and pride at being associated with Garfield.

The Pittsburg Volksblatt, heretofore strongly Republican, has deserted Garfield and run up the Hancock flag.

Carl Schurz and Eph Holland—that is to say Eph Holland and Carl Schurz are going to stump Ohio for Garfield.

Garfield's salary grab is next on docket. The consolation is that he will never grab the President's salary.

Ex-United States Senator John Pool, of North Carolina, Republican, writes that he will work and vote for Hancock.

Hereafter we will probably hear no more about the efforts of Conkling, Cameron & Co. to defeat General Garfield.

No Democrat has been found, either in the North or in the South, in the East or in the West, who refuses to vote Hancock.

By contrasting Garfield's letter with his speech on the Chinese question, it is evident he has had an attack of spinal disease.

Flanagan, of Texas, we take it, is about the only man in the United States who is thoroughly satisfied with Garfield's letter.

The political straw fiend is to be bounced from all well-regulated railroad trains. These straws only tell which way the voter blows.

"Garfield Rang the Bells at Hiram" is the latest Republican war song. It is not said whether he gave them a District of Columbia Ring or a Credit Mobilier.

Zach Chandler's particular friend, Mr. E. W. Barber, Third Assistant Postmaster-General under Grant, is the latest prominent Republican convert to Hancock Democracy.

It is rumored that a Republican plot was made to induce Gen. Hancock to go on a New York excursion boat. It is doubtless a sensational story. The Republicans are not quite so bad as that.

The Boston Post has discovered one important difference between Mm. Modjeska and General Garfield. Modjeska, it says, likes Poland, and Garfield does not. It does certainly Luke that way.

## Odd Trifles.

In cents—Copper.

Free of charge—An empty gun.

Bad buy words—"Charge it to me."

Doctors, cheer up! The peach crop is not a failure.

The photographer does his best work for outside show.

The man who lost his balance was out of his weight.

Lettuce should not be dressed too warmly in the summer.

A lawyer has hard times as well as other folks. His joy is brief.

The cooks at the Wellesley College are men; the professors are women.

The deaf mute teacher is always ready to make a few off-hand remarks.

A Rochester church choir has been singing "Shoot the Glad Tidings."

"My work's done," remarked the collector as he started out in the morning.

Sparkling across a garden fence admits of a good deal being said on both sides.

Darwin is new over seventy, and he will probably find out all about his ancestors.

It is perfectly natural that a man should see his mistake after he has made it.

Some people seem to sing through the nose just to save the mouth to grumble with.

Cabinet-makers in Illinois are kept busy making furniture once owned and used by Abraham Lincoln.

School term has ended. The industrious boy has stored his mind, and the idle boy has stored his trousers.

Boarder—What makes you so fleshy, cook? Cook—What I heat, sir. (Prompt answer, but somewhat ambiguous.)

If you own an old house, a mill-pond and a side-hill with a cherry tree on it, now is the time to advertise as a summer resort.

A young lady, who has studied all the "ologies" at Vassar, wants to know if the crack of a rifle is there they put the powder in.

A bottle has been thrown ashore by the sea containing a document which purports to have been written by Noah. It is probably a hoax.

Romantic people watch the bathers playing in water with their "Black Crook" dresses and wonder what the wild waves are saying.

The following notice may occasionally be found posted upon the door of a Parisian newspaper office: "Gone to fight a duel, be back in half an hour."

The jewel of a servant girl is the one who hangs all her mistress's embroidered underwear on that portion of the line most conspicuous to the neighbors' eyes.

A lightning rod agent was struck by lightning the other day, and the phenomenon can only be accounted for on the theory that the electric fluid got tired of being lied about.

When they can't make an Albany baby quit crying in any other way, they let him crawl under a bed and make him believe they think he is lost and are looking for him, and he will keep quiet for hours.

# LITERARY REVOLUTION and UNIVERSAL KNOWLEDGE.

An Encyclopedia in 20 vols., over 16,000 pages; 10 per cent. more matter than any Encyclopedia ever before published in this country, and sold handsomely and well bound, in cloth for \$10, in half morocco for \$15, and printed on fine heavy paper, wide margins, bound in half Russia, gilt top, for \$20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inaugurate a LITERARY REVOLUTION.

THE LIBRARY OF UNIVERSAL KNOWLEDGE is a reprint entire of the last (1879) Edinburgh edition of "Chamber's Encyclopedia, with about 40 per cent. of new matter added, upon topics of special interest to American readers, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference, and altogether the latest Encyclopedia in the field.

Specimen Volumes. In either style will be sent for examination with privilege of return on receipt of proportionate price per volume.

Special Discounts to all early subscribers, and extra discounts to clubs. Full particulars with descriptive catalogue of many other standard works equally low in price, sent free.

Leading principles of the American Book Exchange:

- I. Publish only books of real value.
- II. Work upon the basis of present cost of making books, about one half what it was a few years ago.
- III. Sell to buyers direct, and save them the 50 to 60 per cent. commission commonly allowed to dealers.
- IV. The cost of books when made 10,000 at a time is but a fraction of the cost when made 500 at a time—adopt the low price and sell the large quantity.
- V. Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily leaded type, spongy paper and gaudy binding, which are so commonly resorted to to make books appear large and fine, and which greatly add to their cost, but do not add to their value.
- VI. To make \$1.00 and a friend is better than to make \$5.00 and an enemy.

BEST IN THE WORLD!

Impure Bi-Carb Soda is of a slightly dirty white color. It may appear white, examined by itself, but a COMPARISON WITH CHURCH & CO'S "AVERY" BRAND will show the difference.

See that your Baking Soda is white and PURE, as should be ALL SIMILAR SUBSTANCES used for food.

A simple but severe test of the comparative value of different brands of Soda is to dissolve a dessert spoonful of each kind with about a pint of water in hot weather, in clear glasses, stirring until all is thoroughly dissolved. The deleterious insoluble matter in the inferior Soda will be shown after settling some twenty minutes or sooner, by the milky appearance of the solution and the quantity of floating frothy matter according to quality.

Be sure and ask for Church & Co's Soda, and see that their name is on the package and you will get the purest and whitest made. The use of this with sour milk, in preference to baking Powder, saves twenty times its cost.

UNPRECEDENTED!

The Best and Cheapest Weekly Newspaper in America!

The St. Louis Weekly Post-Dispatch.

A Virtual Newspaper Gift to the Farmers of the West.

The publisher of the St. Louis Post-Dispatch, with a view to placing the Weekly in the hands of every Democrat in Missouri and of the West, during this critical Presidential contest, will send the Weekly Post-Dispatch, free of postage, to any post-office in the United States—SIX MONTHS FOR 30 CENTS. THREE MONTHS FOR 21 CENTS. This is actually better than the cost of the white paper. In other words, for five cents per month you can have a large eight-page journal of forty-eight columns—enough interesting reading matter every week to fill a little book—Market reports, Agricultural news, fresh Telegraphic news, Household hints, entertaining stories, miscellany and all the features of a first-class weekly newspaper—a complete mirror of all of the events of the week. In making this extraordinary proposition the publisher is actuated by a desire to build up a large circulation, and to aid the cause of DEMOCRACY in the final struggle against IMPERIALISM and CENTRALIZATION. Only the prosperity of the Daily Post-Dispatch enables him to furnish the Weekly at absolutely less than the cost of the white paper upon which it is printed.

Remember that for Thirty Cents or Ten Three-Cent Postage Stamps you can have the Weekly Post-Dispatch sent to you by mail, free of postage, for Six Months. That for TWENTY-ONE CENTS or seven postage stamps, you can have the Weekly Post-Dispatch mailed to you for Three Months, free of postage.

These terms are specially arranged for single postage stamp subscriptions—a convenience that will be readily appreciated.

THE WEEKLY POST-DISPATCH is regarded by the press everywhere as a brilliant, live newspaper. Its Democracy is inspired by the greatest leaders of the party as of the most positive and aggressive character.

By way of inducement to friends to get up Clubs at the new and unequalled rates, we will send a copy of the Weekly for six months to any person who will forward us Ten subscriptions for that period. For FIFTY names we will enrich the Daily Post-Dispatch for six months. We want ONE HUNDRED THOUSAND subscribers for the Weekly Post-Dispatch at these marvellously low rates, and we expect to have them. Every true friend of Democracy is requested to place this Prospectus under the eyes or within the reach of his neighbors.
